

§ 30.10

and update rejected messages are sent when a correction is not accepted in the AES. Fatal errors must be corrected and EEI resubmitted prior to export for shipments filed predeparture and for post-departure shipments but not later than five (5) calendar days after the date of export. Failure to respond to fatal error messages for shipments filed predeparture prior to export of the cargo subjects the principal party or authorized agent to penalties provided for in Subpart H of this part. Failing to transmit corrections to the AES constitutes a violation of the regulations in this part and renders such principal party or authorized agent subject to the penalties provided for in Subpart H of this part. Update rejected messages must be corrected as soon as possible. For EEI that generates a warning message, the correction shall be made within four (4) calendar days of receipt of the original transmission. For EEI that generates a verify message, the correction, when warranted, shall be made within four (4) calendar days of receipt of the message. A compliance alert indicates that the shipment was not reported in accordance with the FTR. The USPPI or the authorized agent is required to review its filing practices and take required corrective actions to conform with export reporting requirements.

[73 FR 31555, June 2, 2008, as amended at 78 FR 16378, Mar. 14, 2013]

§ 30.10 Retention of export information and the authority to require production of documents.

(a) *Retention of export information.* All parties to the export transaction (owners and operators of export carriers, USPPIs, FPPIs and/or authorized agents) shall retain documents pertaining to the export shipment for five years from the date of export. If the Department of State or other regulatory agency has recordkeeping requirements for exports that exceed the retention period specified in this part, then those requirements prevail. The USPPI or the authorized agent of the USPPI or FPPI may request a copy of the electronic record or submission from the Census Bureau as provided for in Subpart G of this part. The Census Bureau's retention and maintenance of

15 CFR Subtitle B, Ch. I (1–15 Edition)

AES records does not relieve filers from requirements in § 30.10.

(1) AES filers shall retain a copy of the electronic certification notice from the Census Bureau showing the filer's approved operational status. The electronic certification notice shall be retained for as long as the filer submits EEI through the AES.

(2) *AESDirect* filers shall retain a copy of the electronic certification notice obtained during the *AESDirect* certification. The electronic certification notice shall be retained for as long as the filer submits EEI through *AESDirect*.

(b) *Authority to require production of documents.* For purposes of verifying the completeness and accuracy of information reported as required under § 30.6, and for other purposes under the regulations in this part, all parties to the export transaction (owners and operators of the exporting carriers, USPPIs, FPPIs, and/or authorized agents) shall provide upon request to the Census Bureau, CBP, ICE, BIS and other participating agencies EEI, shipping documents, invoices, orders, packing lists, and correspondence as well as any other relevant information bearing upon a specific export transaction at anytime within the five year time period.

NOTE TO § 30.10: Section 1252(b)(2) of Public Law 106–113, Proliferation Prevention Enhancement Act of 1999, required the Department of Commerce to print and maintain on file a paper copy or other acceptable back-up record of the individual's submission at a location selected by the Secretary of Commerce. The Census Bureau will maintain a data base of EEI filed in AES to ensure that requirements of Public Law 106–113 are met and that all filers can obtain a validated record of their submissions.

§§ 30.11–30.14 [Reserved]

Subpart B—Export Control and Licensing Requirements

§ 30.15 Introduction.

(a) For export shipments to foreign countries, the EEI is used both for statistical and for export control purposes. All parties to an export transaction must comply with all relevant export control regulations, as well as
